

New Enterprise Stone & Lime Co., Inc.

## Project Spotlight

MasterFiber<sup>®</sup> MAC 360FF

Macrosynthetic Fiber

### **Location**

Pinecroft, PA

### **Engineer**

Diviney & Associates Structural  
Engineers LLC

### **Contractor**

Lawruk Builders, Inc.

### **Concrete Producer**

New Enterprise Stone & Lime Co., Inc.

### **Concrete Volume**

1000 cubic yards

### **Fiber Dosage**

3 lbs./cubic yd

### **Application**

Food preparation plant floor

Though macro synthetic fibers were originally specified for the floor, the owner asked Lawruk Builders to develop an alternative cost for using rebar in the floor. In addition to an increase in labor, the rebar alternative required a concrete pump for placement. The contractor estimated that the savings provided by the fiber alternative was substantial.

## Delgrosso Food Prep Plant
